YOUR PATH TO A **PHD**

how
to prof

Professur an einer
Hochschule für
Angewandte
Wissenschaften

DO I WANT TO PURSUE A PHD?

- ✓ During your studies, you enjoyed investigating questions/delving into questions, exploring topics thoroughly, and writing about them
- ✓ You are passionate about a certain research topic and want to make a contribution in this field
- ✓ You can imagine pursuing an academic career and working in research and teaching

IN THAT CASE, A PHD IS THE RIGHT CHOICE FOR YOU!

HOW DOES PURSUING A PHD WORK AT A UNIVERSITY OF APPLIED SCIENCES?

In Baden-Wuerttemberg, you can complete your PhD in **cooperation with a university** (either in Germany or abroad) or as part of the **Association for Doctoral Studies Baden-Wuerttemberg**, which has been established since 2022.

WHAT ARE THE REQUIREMENTS?

-  Master's degree or Diploma
-  Curiosity
Thirst for knowledge
Tenacity
Perseverance
-  Having the desire to present your research results to the academic community/public

WHAT DO I HAVE TO DO SPECIFICALLY?

- 1 You need a research question that you are passionately interested in
- 2 You need a professor who is willing to supervise your PhD project: Reach out to interesting potential supervisors directly and keep an eye on relevant job postings at Universities of Applied Sciences for positions as a researcher associate in your field of interest
- 3 Think about how you can finance your living expenses for the three to five years of your PhD (e.g., by working in an academic position, through a scholarship, or part-time work)

GET PERSONALISED ADVICE ON ALL THOSE TOPICS AT A UNIVERSITY OF APPLIED SCIENCES
